Number 28.

## Swimming Pool Opened up Again Pending Canvass

SEASON TICKETS ISSUED AND EFFORT WILL BE MADE TO DISPOSE OF THEM—HOW LONG THE POOL WILL BE OPEN WILL DEPEND ON RESULT OF SALE OF TICKETS.

At a meeting held in Cliff last Friday evening steps were taken to have the swimming pool opened again and plans made for securing the necessary funds to keep it in operation during the summer months. Whether or not these plans will materialize and the length of time which the pool will be kept open will depend altogether on the support the committee gets from the public.

It will require in the neighborhood of \$10,000 to make some necessary repairs and provide sufficient for running expenses, to keep the pool in operation. For the balance of the summer. After receiving the newly elected officers (elected to get out the canvass and sell them for \$1.00 each. Committees were appointed to canvass the town and different places and it will depend on just how successful they are in selling these tickets, how long the pool can be kept open. This reason every one approaches should buy a ticket so as to insure the running of the pool all summer.

The following is a list of the newly elected officers:  
President—C. T. Hall.  
Vice Pres.—H. R. Matheson.  
Sec.—T. E. J. Stone.  
Committee—H. Champ, J. Kitchen, A. Macklin, W. West, N. Dazre, E. E. Sellens.

During the evening Mr. Hall stated that every care was being taken to keep the pool as clean as possible. Besides changing the water frequently the floor and walls of the pool were washed down carefully with the disinfectant.

The steps hours for using the pool for both children and grown ups as were in force last year will be adopted again this year, and the same rules and regulations will be observed.

## Telephones Handle The Election Results

Alberta's System Does Good Work in Securing Returns

For the first time in Canadian election history, all the results of the recent provincial election in Alberta were handled by telephone. This was accomplished by a vast network of telephones, communication, special telephone compiling operations were placed in the various offices in Edmonton, Calgary and Lethbridge, five at Edmonton handling 16 returns, two at Lethbridge handling six returns. The returns were handled to the newspapers as soon as received, and conveyed over Canadian Press wires. In five out of six instances the entire work of compiling all returns was handled by the telephone department.

Nearly 300 people in a many phone exchanges in the province were engaged in the work of compiling the returns. One hundred and eighty-five thousand miles of rural and long distance wire carried the news, connecting the province with a vast network of telephone communication. Special telephone compiling operations were placed in the various offices in Edmonton, Calgary and Lethbridge, five at Edmonton handling 16 returns, two at Lethbridge handling six returns. The returns were handled to the newspapers as soon as received, and conveyed over Canadian Press wires. In five out of six instances the entire work of compiling all returns was handled by the telephone department.

## BUTTER INDUSTRY IN ALBERTA IS GROWING

Creamery butter production in Alberta during May this year totalled 1,154,855 pounds, as compared with 765,611 pounds, an increase over the same month last year of 48.9 per cent, according to figures issued by the provincial dairy commissioners. There was also an increase of 50 per cent in the amount of butter grade "Special." Due to the satisfactory condition of pasture in most districts it is expected that the yield of the province this season will reach record proportions.

## Redcliff in Final In Bennett Shield

WHI Play C.P.R. Team in Medicine Hat Tonight

By defeating the Indians four to one last Monday evening, the Redcliff football team is now in the final of the Bennett shield competition for this district. They play the final with the C.P.R.'s tonight in Medicine Hat.

The first game in this series was played between the C.P.R. and the Indians, the former winning out by 1-0. This game was one of the greatest exhibitions of the reason from a spectators' point. Excitement and enthusiasm were lacking throughout, and the continual cheering the regular crowd was much more interesting than the score would indicate and at times kept in the net up some combination work. Redcliff had the best of the game throughout and but for the splendid work of the Indians' goalie and back, the score would have been more. Maskell scored prominently in this game. By last Monday's game, though, the four goals tallied. It was unfortunate for Redcliff that Stratton, the regular goal keeper, was unable to get to the grounds in the scheduled day of the game, as he had car trouble on the way down to the Hat. However, Wilby, who substituted, did good work considering it was his first attempt in the net.

The final game in this series will be played tonight in the net up some combination work. Redcliff and the C.P.R.'s meet. Redcliff should pick its best team today evening, and have the players notified at once so that there will be no delays in starting.

## Thrills And Spills in "Born To The West"

Greatest Excitement in Zane Grey's Latest Film

"Colorado" Build, a cowboy who lives rough life of saddle and gun, shows how the frontiers have covered all the trails of the West, to the grounds in the scheduled day of the game, as he had car trouble on the way down to the Hat. However, Wilby, who substituted, did good work considering it was his first attempt in the net.

Thrills abound. There are some revealing comedy moments, furnished by two of the stars, Raymond Hinton and Tom Kennedy, remembered for his leading role in "The Front." Artistic March, in "Womanhood," led by the star, and Maryanne Morris, last seen in "Womanhood," with Richard Dix, supply the fondle beauty and romance. During scenes, theatrical holders and a new scene stage coach furnish the pulse-catching moments.

## THE SHEEP INDUSTRY IN ALBERTA GROWING

The sheep industry in Alberta has made marked strides during the past year, according to the assistant general manager of the Canadian Cattle Raisers' Association, who is now studying the situation in the province. He states that he expects the Dominion wool pool would total 1,500,000 pounds of wool this year.

## IMMIGRATION TO CANADA IS STEADILY INCREASING

The Canada Colonization Association, a subsidiary of the Canadian Pacific Railway, for the purpose of settling fully or partially improved privately owned lands along the line of the railway in Western Canada, in its fiscal year ending May 31, announced the settlement of 643 farms, on 100,510 acres of land in the Prairie Provinces, as against a settlement of 611 farms of 185,271 acres in the preceding year. The total value of land and equipment transactions in the two years is conservatively estimated at \$15,600,000.

Want More Immigration  
Petitions for extension of irrigation in Alberta are being sent out by farmers near Burdette, Grange, Lake, and Purple Springs.

## Aquatic Sports at Swimming Pool Friday Evening

GOOD PROGRAM OF EVENTS FOR OLD AND YOUNG—COME WITH THE CROWD AND BOOST THE POOL.

At a meeting of the swimming pool committee held after the general meeting it was decided to have a program of aquatic sports at the pool on Friday evening of this week. A good program has been arranged and an entertaining evening is assured. In the program provision is made for all kinds of competitions for both old and young and there is no doubt that each will have a lot of fun. Good prizes are offered for each event.

Admission to the pool for this occasion will be 10c for adults and 5c for children under 12 years of age. The standing room at the pool should be all taken up on this occasion. Everyone turn out and give the committee some encouragement to carry on.

## New Cabinet Was Sworn In Tuesday

Meighen Announces Ministry But 1818 Few Yeasmen

Ministers of the government of Arthur Meighen were sworn into office at Government House last Tuesday evening. With the ceremony of swearing in the new ministry, an official statement, giving the personnel and portfolios of the new ministry, was handed out from the office of the prime minister.

The outstanding surprise in the official announcement is that Sir Henry Drayton, forecasted repeatedly as the new minister of railways, enters the government without portfolio. In the absence of Premier Arthur Meighen on his campaign tour, Sir Henry assumed the acting premiership.

The date of the election, it is announced, will be made public within the next few days.

The following ministers were sworn in:  
Arthur Meighen, prime minister, secretary of state for external affairs and president of the privy council.  
Sir George Perley, secretary of state.  
R. B. Bennett, minister of finance.  
H. L. Patterson, minister of justice.  
Hugh Guthrie, minister of national defence.  
H. H. Stevens, minister of colonies.  
S. P. Tolan, minister of agriculture.  
W. A. Black, minister of railways.  
J. A. Mackenzie, minister-general.  
D. Chisholm, minister of trade and commerce.  
Geo. H. Jones, minister of labour.  
E. N. Ryan, minister of public works.

## Without Portfolio Sir Henry Drayton, Donald Sutherland, R. D. Menard and J. A. Macdonald.

The portfolios of marine and fisheries, the interior, immigration and education, health and colonies' civil re-establishment and the post of solicitor-general are left unfilled for the present. These three offices are related to the province of Quebec, of which it is expected they will shortly be filled. It is intended that the portfolio of the interior shall go to the province of Saskatchewan.

Mr. Patterson will be acting minister of marine and fisheries; R. B. Bennett will be acting minister of the interior; Dr. Menard of health and colonies' civil re-establishment, and Sir Henry Drayton of immigration and education.

## 1926 AUTOMOBILE ROAD MAP HERE

The 1926 edition of the Automobile Road Map of Alberta, is just off the press. It is published by the Western Canada Road Service Ltd., of Calgary.

It is announced that the map will be placed on sale in most of the stationary stores and garages in Alberta or may be secured direct from the publisher.

## Golden Wedding For East Springs Couple

Mr. and Mrs. Rohi, Marry 50 Years  
Maid on Friday

On the 16th of July, 1876, Mr. and Mrs. Rohi, highly respected citizens of the East Springs district, were married at Dodge, Minnesota. Hence Friday of this week, will be their Golden wedding.

In order to fittingly observe the occasion the Bray Lake and the East Springs locals have arranged to hold a celebration at East Springs school on Friday evening. The evening's program will start off with a banquet at eight o'clock in the evening, at which there will be games of various kind and conclude with a dance.

Mr. and Mrs. Marry came to the East Springs district in 1911 and by their untiring energies, unimpaired faith and kindly neighborly spirit, have not only been a source of great inspiration and encouragement to the younger generation, but have endeared themselves to all with whom they came in contact. It is for this reason that the whole neighborhood will turn out tomorrow evening to do honor to this couple.

Mr. and Mrs. Marry did pioneer work in the new district of Minnesota and Dakota, before coming to Canada. They were born in Germany and one daughter, Mrs. J. A. G. Goggin, lived in 1913. Those living are, John of the East Springs district, Robert of Winnipeg, Dr. Oscar of Big Sandy, Mrs. J. A. Goggin of Turin, N.D., and Mrs. Smith of Wilton, N.D. All are expected home for the Golden wedding.

## St. Ambrose Jr. W.A. Hold Lawn Social

Splendid Program Was Arranged For Entertainment of Guests

A very pleasant afternoon was spent at St. Ambrose Jr. W.A. on Tuesday, when the Junior W.A. held their lawn social from 2:30 to 6. The conditions were arranged by the children, who also waited at the table and assisted the superintendent and helpers in various ways. There was a small work stall, and ice cream and pop corn were served in addition to the refreshments. A rather elaborate treasure hunt was organized with rhymed clues and there were other pastimes and competitions such as Golf, Three Hoop Games, Bagatelle and "Hoop-It." The latter attracted the most guests, and the prize was a beautiful set of croquet.

The afternoon's proceedings. Thanks are due and are being given to all who assisted in the work, and to all who kindly assisted during the day.

## Sixth Fortnightly Govt. Crop Report

Issued by Department of Agriculture, Edmonton, July 10, 1926

Generally satisfactory conditions prevail throughout the province with respect to the growing crops. A point of great local interest is the fact that last year, but the crops have been affected very little thereby. The weather generally is ideal for growing crops and a number of crops are in the hands of the farmer.

Early seeded grain in the south is in hand, and short, but with more rain will produce a fair yield. There has been some loss of grain in the south, but the crops have been affected very little thereby. The weather generally is ideal for growing crops and a number of crops are in the hands of the farmer.

It is reported from one or two localities, but the damage has been slight. The general condition of the crops is such that normal conditions the province will harvest about an average crop.

Irrigated crops in the south are in excellent shape. Alfalfa has been a very good crop for the first cutting, and the corn and sugar beets are growing well. Potatoes have been good and there is an increase in milk production.

## Redcliff Family In Motor Accident

Gay Horse's Car Turn Turtle When Making Sharp Turn

While motorizing home from a picnic at Elkwater lake last Sunday evening, Mr. and Mrs. Guy Horne and family met with an accident which only a miracle prevented from proving fatal to at least some of the occupants of the car.

The car was progressing at a fair rate of speed when, over a slight rise in the road, Mr. Horne noticed a sharp turn which he had to take. In making this turn one of the tires blew out and at the rate the car was going the wheel collapsed. This threw the car into the ditch, after it had turned over once. In the midst of the windmill was badly broken and it is presumed that the broken glass was all that could be seen of the car. Mr. Horne, badly lacerating his nose and face, was rescued from a nearby farm house and the party was brought into Medicine Hat where Mr. Horne was taken to the hospital. Several stitches were necessary to draw the wound together. This accident is the first of its kind in the history of the Redcliff family.

## L. A. Hold Social In The Open Air

Is Held on Mrs. A. N. Culver's Lawn Last Evening

The Ladies' L.A. Social held on the lawn of Mrs. A. N. Culver's lawn on Wednesday evening was much enjoyed by all who were present. The program was all that could be desired for such an affair, except perhaps the weather, which was very pleasant. The lawn, a delightful garden, was the scene of the social. The ladies all enjoyed the evening. The ladies all enjoyed the evening. The ladies all enjoyed the evening.

## Murder Mystery Drama Coming To Cameo

Love vs. Duty Is Theme of Big Paramount Special

Based upon the fact that every man is innocent until proven guilty, "The Dark Angel" comes to the Cameo theatre next Monday evening. The picture is directed by Edmund Gubey and stars a very beautiful actress and a very handsome actor. The picture is a very beautiful one and is a very handsome one.

Matching the plot in strength and power is the formidable set. Director Fleming has assembled, featuring a quartette of stellar players—Jack and Louise Dresser.

While the production was primarily made to entertain, it also serves to emphasize in a very spectacular way the moral of the picture. The picture is a very beautiful one and is a very handsome one.

The action of the story, which is set in New York City, is a very beautiful one and is a very handsome one. The picture is a very beautiful one and is a very handsome one. The picture is a very beautiful one and is a very handsome one.

## HAVE DISCOVERED A BEST RESISTING WHEAT

A rice-resistant wheat, selected by a scientific worker at the University of Minnesota, was announced by President J. B. McLean, of the University of Minnesota, a meeting of the wheat growers of the province. He was able to give particulars of the work and the nature of the discovery.

## Branch of The Canadian Legion Organized Here

LOCAL BRANCH OF G. W. V. A. PASSES OUT OF EXISTENCE AND BRANCH OF CANADIAN LEGION ORGANIZED—NEW OFFICERS ELECTED.

At a meeting held in the G.W.V.A. club room last Sunday afternoon, the local branch of the G.W.V.A. passed out of existence and in its place was born the Redcliff branch of the Canadian Legion of the British Empire Service League.

R. S. Hodge, who was the first president of the G.W.V.A. in this town, occupied the chair for the occasion. In a very thorough manner he reviewed the work done by the old organization since its inception, and also explained the steps leading up to the branching out into the wider field which took in all branches of the service throughout the Empire.

Before officially declaring the passing out of existence of the old organization and electing officers for the new branch, short addresses were given by Mayor Bell and J. L. Stone, both of whom, on behalf of the Association, spoke of the splendid work done by the G.W.V.A. and the hope that the new organization would be a greater service to the community.

A resolution was also passed concerning the work done by the local branch of officers of the provincial and Dominion command for the valuable work done by the old organization, and the members of their respective terms of office.

The following officers of the new Canadian Legion were then elected: President—Dr. R. Patterson. Vice Pres.—H. Champ. Sec.—T. E. J. Stone. Treasurer—J. L. Stone. Ex. Sec.—James E. McKinnon. C. Newman and E. J. Ogilvie.

The new organization will be known as the Canadian Legion of the British Empire Service League.

## "The Dark Angel" Is Splendid Film

Ronald Colman and Vilma Banky in New Paramount Picture

For real entertainment we can no longer find a more perfect example of the late offering, "The Dark Angel" comes to the Cameo theatre on Wednesday. It is a First National picture presented by Edmund Gubey and stars a very beautiful actress and a very handsome actor. The picture is a very beautiful one and is a very handsome one.

The picture is a very beautiful one and is a very handsome one. The picture is a very beautiful one and is a very handsome one. The picture is a very beautiful one and is a very handsome one.

The picture is a very beautiful one and is a very handsome one. The picture is a very beautiful one and is a very handsome one. The picture is a very beautiful one and is a very handsome one.

## FOUR TOURISTS BURNED GOING THROUGH ROCKIES

As a result of the forest fire raging in the Canadian Rockies, four tourists were burned to death last Tuesday. The victims are Mrs. Watt and two children and Mrs. Clifford Nesbitt, all of Bryant, Sask. The fourth victim, a young girl, was burned to death when she was trapped and her car burst into flames. The husbands of the two women were seriously burned when trying to rescue them.

## PLANE CRASH TERRIBLE IN THE "UNGUARDED HORN"

An airplane accident, in which Dr. J. Kenyon and Miss Ogilvie crash in the "Un guarded Horn" in the back yard of the house, furnished one of the exciting thrills in "The Unguarded Horn." First National picture, which will be shown at the Cameo theatre tonight.

## THE SWIMMING POOL

It will be good news to old and young in town to learn that another attempt is being made by the committee to try and get the swimming pool going and keep it going for the rest of the season.

How successful they will be will depend on the people themselves as it is now up to them to furnish the necessary. Ticket sellers have been out during the past few days and from reports received so far they are making encouraging progress.

If all the men in town would just take around to the pool any afternoon or evening and see how the young folks are enjoying the cooling dips these hot days, we feel sure they would be falling over each other to get their dollar in to some member of the committee.

By all means let us keep the pool going. It is easily possible if all get behind the committee and give them the help and encouragement the movement deserves.

The pool grounds should be packed to overflowing for the program of aquatic sports to be held there tomorrow (Friday) evening.

## POLITICAL CO-OPERATION

IN its issue of last Thursday, the Medicine Hat News suggests that the Liberals and U.E. party get together and come to some agreement whereby they can decide on all supporting one candidate in the coming Dominion election. Naturally the News suggests that Dr. Gershaw be the candidate and gives as its reason that the doctor, on accepting the Liberal nomination last fall, did so on the understanding that he was to be perfectly free to exercise his own judgment in voting in the House of Commons.

The News, we fear, will have some difficulty convincing the farmers that Dr. Gershaw showed very much independence when called upon to vote on the finding of the committee appointed to investigate the customs scandal. This scandal is described by W. T. Lucas, Progressive M.P. for Camrose as one of the worst that has ever beamed the public life of this country. "Indeed," says Mr. Lucas, "the details are so horrible to permit of discussion from the public platform, but some means must be found to convey to the electors the truth with respect to the conditions as they existed prior to the action taken by Hon. H. H. Stevens." Dr. Gershaw was in just as good a position as Mr. Lucas to get acquainted with scandals unearthed at the customs board, and Progressives will likely want to know why he did not raise his voice in criticism of the actions of certain government officials, before they will place much confidence in his so-called independence.

It appears passing strange that in the same issue of the News in which it advocates the co-operation of Liberals and farmers, there appears in a parallel column an article dealing with conditions at Ottawa just prior to dissolution. In this article what is referred to as the Gingsberg group of the Progressives, are accused of throwing co-operation to the winds and of allowing purely personal repudiation

of existing influences to triumph over the broader outlook. The article in question intimates that the success of the Progressives in the general election in Alberta had a big influence on the Gingsberg group at Ottawa, as by the unhurrying of the Liberals who had fought hard to defeat the farmer government in this province, the Gingsberg group in Alberta felt more independent, since they now felt reasonably sure they could carry their own constituencies in the province without the assistance of the Liberals. This the article blames for the reason the Gingsberg group thought the head of the Customs department innocent on Friday, but on Tuesday, after hearing the result of the Alberta elections these same men declared him guilty.

Referring to Hansard the article quotes Mr. Garland, a prominent Alberta Progressive, as saying: "When the late government (the King government) ran away from its own duty and its own responsibility, it ceased for that moment having any further claim on co-operation."

In view of these things it is hard to understand how the News expects to get co-operation from that source. On the contrary we have heard from reliable sources that the Progressives intend making a determined effort to redeem Medicine Hat in the next general election, as this constituency was their first success in Dominion politics.

When discussing the accident which befell one of our townsmen when coming from Piawater lake last Sunday, several remarked that the spot where the accident happened is a very dangerous one as it is a turn at right angles just over a grade when coming from the lake, and is not noticed until the driver is right upon it. Those who have been over the road suggest that it would be a good idea if a slow down sign were placed just at the foot of the hill. This might be something for Medicine Hat motor club or Board of Trade to take up. There are so few resorts in this part of the country that every car should be taken to make this one as safe and as easy of access as possible.

On learning of the difficult Redcliff was experiencing to keep the swimming pool going, the Medicine Hat News suggested editorially that some of the city organizations which have been deriving financial assistance from Redcliff people in the past, should come to Redcliff's rescue now. Redcliff citizens greatly appreciate the spirit of the News in making this suggestion.

Work on the new transit hotel at Takahama, Japan, started in March after various citizens had pleaded with the municipality for at least one good hotel for one of the main ports of their Empire. The new structure will be of concrete with a steel frame and four stories in height. The estimated cost is \$1,150,000. Furnishings are expected to cost another \$250,000, bringing the total cost to \$1,400,000.

Initiative and resource shown by the Foreign Department of the Dominion Express Company went far to neutralize, if not entirely nullify, the apprehensions during the recent general strike in England. A fleet of motor trucks in London, Manchester, Bradford and Liverpool carried out receipts and deliveries in the usual manner thereby nullifying any ill effects to the British-Canadian trade during the period of the strike.

The English Football Team touring Canada was met at Quebec, where they arrived on the Canadian Pacific line "Empress of Scotland," by Samuel Davidson, Secretary of the Dominion Football Association. The team played the first game in Montreal and then went on to carry out the schedule at Hamilton, Toronto, Port Arthur, Winnipeg, Regina, Lethbridge, Calgary, Vancouver, Medicine Hat, Edmonton, Saskatoon, Timmins. The tour ends July 16.

## Here and There

R. Janowski and B. Stachewski, the former Polish immigration delegate and the latter a delegate from the Polish Minister of Agriculture, are in Canada for a six-week study of farming conditions in western sections of the Dominion. They will also look into the distribution of work among the Polish colonies in Canada.

Four fishermen from the United States went fishing on the Caline River of New Brunswick, on July 10, recently, and caught 340 fish. State Senator Bradford, of Indiana, caught a 44-inch salmon weighing 57 pounds. Others in the party were Fred N. Peet, Dr. E. B. Zimmerman and D. H. Faxon. Only barbed hooks were used so that no fish were either killed or injured.

The second largest outdoor swimming pool in Canada has been opened at Lake Louise on the Terrace between the dining room of the Chateau and the Lake. The new pool is 100 feet long and 40 feet wide. It is surrounded by tall concrete columns between which there are gigantic sheets of plate glass, providing a wind break against cool breezes.

Approximately 120,000 live fish, fresh from American hatcheries, passed through Dominion Express Yards, Windsor Station, Montreal, recently, on their way to Boucherville, Quebec. They will be used to stock private lakes in northern Quebec owned by wealthy citizens of the U.S.A., who prefer the virgin hills and forests of Canada to the densely populated summer resorts of their own country.

Herman E. Wilkinson, London, England, inventor of camouflage paintings which was used extensively during the late war, arrived in Canada on the Canadian Pacific line, accompanied by his wife recently, for a tour of the Dominion. Sir Clifford Biffin, prominent Toronto sportsman and Mr. Shepford Preston, M.M.E., famous mineral geologist, also arrived on the same vessel.

Col. C. H. D. Ryder, C.B., C.I.E., M.O., chairman of the Air Survey Company of London, England, interviewed Premier Mackenzie King and the prime ministers of the various provinces with regard to finding out the prospects of surveying practically the whole of the Dominion by air. He also wishes to know about the possibility of combined federal and provincial action for these surveys.

On his return from a recent tour of inspection of the Company's Western Lines, Grant Hall, Vice-President of the Canadian Pacific Railway, stated that exports to the Orient in the form of grain, flour, dressed meat and motor cars were steadily increasing in volume and that trade with Australia had been considerably stimulated by the trade arrangements made with that Dominion. Mr. Hall added that conditions were good in the West. The lumbering industry in British Columbia showed up well, while lumber shipments were heavier than last year.

All roads led to Windsor Station, Montreal, for three days prior to the opening of the tenth annual international Kiwanis convention, which opened on June 8. Not only was the C.P.R. station the gateway through which an army of Kiwanians passed into Montreal, but, every one of the delegates, their wives and friends, about 7,500 in all, congregated there as the station had been constituted registration headquarters for the convention. A force of 82 stenographers was specially engaged to handle the work.

Business conditions of the Pacific Coast continue on the upward trend with great activity in construction work. The lumber industry outlook is brighter and there have been important developments in new sawmill construction. The fishing industry is on a better footing, pulp and paper mills are active and additional power programmes are being worked out.

A. M. Johnson, President of the Canadian Club of Boston, visited Montreal for the first time on the new "Trafalgar" train on Canadian Pacific lines. In telling of the shortfalls and deterioration of the given Canadian Club by the Canadian Club of Boston, Mr. Johnson said there were some 200,000 people in the State of Massachusetts. Of this number 80,000 are in Canada.

A total of 170 housewives were taken up in northern Alberta in June, according to regulations at the Dominion and Office in Edmonton.

## Ancient and Modern Meet in Rockies

Upper—Leather spring coach used to trace in Rockies, before the motor car age.  
Lower—Right—Modern night-sewing cars of today.

As the evening shadows began to lengthen along the Bow Valley in the Canadian Rockies on the last day of May, a diminutive time-worn, rust-blistered, two cylinder motor car of 1902 vintage slugged through the perils of the Rockies last night, there to join the throng of motor cars on Banff Avenue and unwittingly form a historic pageant indicating the developments in motor transportation during twenty-four years.

As it happens at such times, the shades of the past arise to refresh the memories of old-timers and bring forth reminiscences indicating the progress made within recent years. And so with the shades of the past evoked by one of the first "houseless carriages," mingling with its flittering brethren of the modern age.

When it was glittered with snows the mountain valleys knew not the odor of gasoline and the ordered roar of the exhaust, the old-time unknowns saw the first pavement such as at present graces the streets of the famous mountain resort, smothered out the irregularities. The dirt surface of Banff Avenue knew only pedestrian, saddle and pack-paths, and the iron lined wheels of the lumbering leather spring coach, used as the first sight-seeing vehicle in the Rockies.

In 1916, the Canadian Government opened the park gates to motor travel. In 1926, the motor sightseeing equipment, used to carry passengers by motor car, was in the hands of the Banff Springs Hotel.

Through the Rockies from the Banff Springs Hotel to the chain of other Canadian Pacific railway hotels and bungalow camps, numbered a hundred modern motor cars and sight seeing buses. In 1926, the system carried 225,000 passengers a total of approximately a million miles in three of Canada's mountain national parks. Thirty-six thousand motor cars, carrying 125,000 holiday-makers, passed through the gates of the Kootenay and Banff National Parks during the same season.

On June 16, the new Lake Louise to Field Highway was opened to the tourist, cutting the drive national parks by motor road and increasing the grand total of modern highway in the mountains to approximately 250 miles. But when the distinctive motor vehicle was the latest creation in automobile, the village of roads in the mountains could be counted on the fingers of both hands.

The day following its arrival in Banff, R. H. H. Kelen, Washington, filled the gas tank of the 1902 car and set out over the Banff-Windermere Highway enroute for home. He is driving the car from Edmonton, Alberta, where it recently won the first prize in the light car class in the old car contest conducted by the Edmonton Journal.

In creating the two summits on the highway, a modern car was called into action to aid the ancient vehicle over the top. By afternoon it reached Banff, Banff House Camp at the south end of Kootenay National Park, where the spring called it a day after covering ninety miles.

John Dewitt, who has been visiting his son in the Glendale district, returned home yesterday.

Stanley Fairbank, of Rumney, formerly of Redcliff, was in town this week on business.

Miss M. Dunnett, of Lohar, B.C., formerly of Redcliff, is spending the holiday season in town of the great Miss Strachan.

Mr. Hicks was on a business trip to Calgary last week-end. While there he visited the wholesale stores and purchased a consignment of right up to the minute goods for her store.

J. J. Getman, an employee of Walsh Bros. ranch on the Bow River south of Banamu, was drowned on Monday while crossing the river on horseback.

In police court in Medicine Hat yesterday, J. A. Bents was fined \$15 for recklessly driving a car. Another youth drew fifteen days for stealing a ride on the C.P.R.

Conservators of the Medicine Hat constituency are holding a convention in Park hall, Medicine Hat, on Wednesday evening, July 21st. The convention is called for eight o'clock. At this meeting a candidate to contest the approaching election will be selected, and other organization work arranged.

Last Thursday Miss Beatrice Teut entertained a number of her young friends on the occasion of her birthday. In the evening while contest Miss A. Jones won the gentlemen's prize and Miss M. B. Brown won the ladies' prize. Consolation prizes were won by Miss Er. Plaster and R. Decker. At the conclusion of this contest lunch was served after which dancing and games were the order of the evening. All had a most enjoyable evening.

A Lava Social will be held on Tuesday evening, July 20th, in the Victoria grounds, commencing at 7:30 o'clock to which the parishioners of St. Ambrose are invited; and it is hoped all who can be present will be able to. The Vice will give an account of the Synod, which will contain much of great interest in this parish. A good program has been arranged. Come early and enjoy all of it. There will also be a meeting of the Vestry.

## Here and There

Total trade of Canada during April, 1935, amounted to \$127,000,000, as against \$119,014,000 in the same month last year and \$109,064,235 in April, 1934. Of the total \$71,283 was for imports and \$55,716,000 for exports.

Immigration figures for the first three months of the current year show an increase of 100 per cent over similar period for last year. Total number of immigrants entering country was 21,949 for 1935, as against 10,792 for 1934.

Production of manufactured non-metallic mineral products in Canada in 1935 reached a value of \$115,587,316, an increase of almost \$4 million dollars over 1934 and the highest since 1920 for this group of industries. The operating plants in these industries in 1935 represent an invested capital of 159 million dollars.

Remarkable expansion of the cream export industry of the province of Quebec is disclosed by figures furnished recently. In May three to four carloads, or about 614,400 pounds of cream were going every week, while in June an average of a carload a day, 118,000 pounds, was predicted.

Tomatoes weighing over \$2,000 pounds traveled across Canada by Dominion Express recently, constituting the largest load of hot-house tomatoes ever shipped out of British Columbia. Handled in a single express car, the shipment was the product of the Victoria Hot-House Association, which represents the majority of the tomato growers on Vancouver Island.

"Born To The West"  
THE BIGGEST WESTERN  
PICTURE OF THE YEAR

E. W. Beatty, Chairman and President of the Canadian Pacific Railway, left recently for England and the continent, for a trip which is to last several weeks. Mr. Beatty, accompanied by W. R. Macdonald, Vice-President of Traffic, will complete arrangements for the building of the company's new, new ocean liner for the Atlantic route while in England.

One minute after midnight of May 31st, 104 miles of the Lydenville sub-division of the Boston and Maine Railway was taken over on lease by the Canadian Pacific Railway. Close to the International House and running through Vermont, the railway line will tap rich easting and producing sections of Connecticut, Massachusetts, New Hampshire and Vermont.

Rockblasting of 44 miles of double track of the Canadian Pacific Railway line between Brockford and Montreal West, on the main line to St. John, Que., and Sherbrooke, should be completed by September. The effect of the rock will be to strengthen the track, eliminate dirt and ensure smoothness of travel. C.P.R. tracks between Quebec and Ottawa, and between Toronto have already been rockblasted in Eastern Canada.

The Trans-Canada Limited C.P.R. all-steel flyer from Montreal to Vancouver resumed her yearly summer season trips on May 15 when she pulled out of Windsor Station, Montreal, filled to capacity, the ten compartments, three drawing rooms, and all sleeping berths having been booked some days prior to starting. The Trans-Canada Limited is the longest-distance all-sleeper train operated on the North American continent.

Charles E. S. McPherson, assistant passenger traffic manager, Western Limited, Canadian Pacific Railway, recently celebrated the 10th anniversary of his entrance into railway service. He started in the ticket office of the Grand Trunk Railway, at Toronto, as Junior clerk. Completing 40 years of service with the C.P.R., Mr. McPherson has served in Toronto, Niagara Falls, New York, Boston, Boston, Saint John, N.B., and Winnipeg.

Try a wanted-for good results. They are well sellers of your goods.
